CAPITAL Y. M. C. A. WORKER
IN PARTY GOING TO SIBERIA

NEW YORK, Sept. 28.—Five enterprising, religious workers, an accountant and a canteen secretary left New York yesterday for Siberia by way of Vancouver, B. C., to do Y. M. C. A. work with the American troops there. The party will be joined in Vancouver by two California women and will sail October 1. C. W. Moorhead, of Washington, D. C., was one of the party.

The Y. M. C. A. now has 100 secretaries with the troops in Siberia. Service has been maintained from the outset of the expedition.

ARMY DISCHARGES HEAVY.
Army discharges since November 11 total 3,398,324 officers and men the War Department announces. In that time 1,919,330 officers and men have been returned from Europe. There have been 110,430 enlistments in the army since the recruiting campaign was begun March 1.

One Treatment
with Cuticura
Clears Dandruff

Life so scatters our friends over the world that it is hard for us to keep their memories fresh. As a reminder and remembrance, Gude flowers will serve you best. They are the surest way to make and keep a large circle of friends.

In all of the large cities, Gude is represented by the most prominent florists. Because of this you can send Gude flowers anywhere and be assured of Gude freshness and choice.

CROSS U. S. AIR RUN
TO START ON OCT. 8

The transcontinental endurance run of the Air Service between New York and San Francisco will commence sharp at 9 o'clock on the morning of October 8.

There will be twenty-two landing fields en route, and the personnel required in looking after the entrance would, if placed in a straight line between New York and San Francisco, permit of one officer for every 122 miles and one private for every ten miles.

Plots are timed for midday, second their ships leave the ground until they land. Everything occurring during the flight must be recorded in a log book, including a record of any adjustment or repair, however slight. If for any reason outside of weather conditions the pilot remains on terra firma more than forty-eight hours during the flight, he becomes automatically disqualified.

The records from the more than 100 flights are expected to form the basis of a valuable compilation which will be of service not only to the military branch of aeronautics, but to the commercial element as well.

There will be three ratings for those making the flight. One will be for the actual time consumed in making the flight. The second will be for the particular class of plane, and the third rating will decide the standing on the basis of who makes the shortest flying time.

ASTOR SELLS HIS YACHT.

NEW YORK, Sept. 28.—Vincent Astor has sold his yacht Noma, reputed to be the fastest private steam yacht in the world, to Rodman Wanamaker, of New York. It was learned here. The purchase price was not announced.

FIRE ENDS COURT
AND BOY ESCAPES

Richmond Detectives Spirit Youth From Carolina City During Excitement.

RICHMOND, Va., Sept. 28.—How fire bells broke up court in Rocky Mount, N. C., and enabled detectives to spirit away a Richmond youth who had aided them in recovering automobiles stolen here and sold in that city, was related by Detective Sergeant Atkinson and Thuman, when they returned to Richmond with two of the pilfered cars.

C. L. Eacho, Jr., had just been acquitted of selling automobiles to a Rocky Mount dealer under false pretenses. Just as the judge was ordering additional warrants to be issued the fire bells pealed forth with the result that everybody rushed to the fire. The Richmond detectives seized the opportunity to leave town in two of the recovered cars with Eacho at the helm of one of them.

The youth was arraigned in the police court on the charge of stealing the cars brought back, but it is doubtful whether the cases will be pressed against him. More likely, he will be used as a witness against Russell Clyburn, another alleged member of the gang held here, and perhaps against three youths held in Norfolk.

ARMY MORALE AT LOW EBB.

BOSTON, Sept. 28.—Maj. Gen. Clarence R. Edwards, commanding general of the Northeastern Department, is forwarding the resignation of Lieut. Col. W. W. Rose to the adjutant general of the army yesterday, said that the morale among officers of the army has never been so low as it is at present on account of poor pay.

SPEEDS IN PLANE
TO SAVE PATIENT

TULSA, Okla., Sept. 28.—By making a fast airplane trip to the bedside of a patient in a nearby town, Dr. Fred M. Boso, a Tulsa surgeon, was able to save the life of the patient.

No trains were available when Dr. Boso received a distress call from the physician in charge of the case, telling him that an immediate operation was the only hope of saving the man's life.

Dr. Boso secured a Curtiss plane and pilot from the Curtiss aviation field at Tulsa. The plane left this city at 8 o'clock yesterday afternoon and returned at 7 o'clock, the trip and operation taking only two hours. The trip by automobile would have taken two hours.

ROCKVILLE NEWS

Voters of County Will Be Registered on Monday and Tuesday.

ROCKVILLE, Md., Sept. 28.—The officers of registration for the various election districts of this county will be in session next Tuesday from 8 a. m. until 7 p. m. to register and transfer qualified voters, and will sit for a similar purpose during the same hours on Tuesday, October 1.

The supervisors of elections have given notice that the registrars will sit at the following places:

Laytonville—Moberly's storeroom, Laytonville.
Clarkburg—Gibson's storeroom, Clarkburg.
Poolesville—Town hall building, Poolesville.
Rockville—First precinct, office of Wallace E. Ricketta, Rockville; Second precinct, office of supervisors of elections, Rockville.
Colesville—W. C. T. U. Hall, Colesville.
Darnestown—Ricketta's storeroom, Darnestown.
Bethesda—First precinct, office of Lewis Keiser, Bethesda; Second precinct, Library building, Chevy Chase.
Olney—First precinct, Grange hall, Olney; Second precinct, Odd Fellows' hall, Brookville.
Gaithersburg—First precinct, Masonic hall building, Gaithersburg; Second precinct, residence of W. T. Hoskinson, Gaithersburg.
Potomac—Knights of Pythias Hall, Potomac.
Barnesville—Grange Hall, Barnesville.
Damascus—Jr. O. U. A. M. Hall, Damascus.
Wheaton—First precinct, Hickerson's store, Wheaton; Second precinct, primary building, Silver Spring; Third precinct, Williams' storeroom, Kensington; Fourth precinct, basement of Presbyterian Church, Takoma Park.

HYATTSVILLE NEWS

District Raises Half of Apportionment in Memorial Fund Drive.

HYATTSVILLE, Md., Sept. 28.—The drive in Hyattsville district for \$100, the district's apportionment of the fund for the memorial exercises and reception in honor of the county's war heroes in Upper Marlboro on October 7 is progressing. The committee for this district has been organized with Mayor Matthew F. Halloran as chairman; Harry J. Robinson, secretary; and Harry W. Shepherd, cashier of the First National Bank of Hyattsville, treasurer. Subscription lists have been placed in the hands of members of the committee, and according to reports, more than \$250 already has

been raised. The drive closes October 2.

An athletic association has been organized at the Hyattsville High School with the following officers: President, Harry Brown; vice president, Miss Laura McBrien; secretary, Miss Sarah Morris; treasurer, Robert Morris; and historian, Miss Olive Richmond. David Elliott, a member of the faculty, is to act as athletic director.

Everything is in readiness for the big dance in the new National Guard Armory here tonight for the benefit of the soldier-patients at the Walter Reed and St. Elizabeth's hospitals. Mrs. C. G. MacCarter, is chairman of the committee in charge of arrangements.

The Hyattsville baseball team tomorrow will wind up its baseball season with a game with the Brentwood nine, in Zanisinger's Park.

DENIES WORKERS
CONTROL ARSENAL

Major C. C. Williams, chief of the Army Ordnance Bureau, told the House Military Affairs Committee yesterday that the Rock Island arsenal has not been "democratized," and the reports that the employees have been given control of the management are not true.

This statement was made in contradiction of a widely published account of how the arsenal workers had been given complete supervision of the affairs of the plant. General Williams said:

"The War Department has not surrendered any portion of its control over the plant."

SAYS MINERS PLAN
TO HOLD UP PUBLIC

The United Mine Workers of America are trying to "hold-up" the people of the United States for a one-billion-dollar increase in the cost of coal, the National Coal Association says in a statement. It is declared that the proposed strike, set for November 1, will be "in violation of a contract" between the miners and the operators and approved by the Government. The operators claim the country is still at war and that the war-time agreement is not terminated.

"They have now decided to take advantage of the shortage of coal and the imminence of winter to enforce their demands in violation of their agreement," the statement says.

Doctors Stand Amazed at Power of Bon-Opto to Make Weak Eyes Strong—According to Dr. Lewis

Guaranteed to Strengthen Eyesight 50% In One Week's Time in Many Instances

Philadelphia, Pa. Victims of eye strain and other eye weaknesses, and those who wear glasses, will be glad to know that according to Dr. Lewis there is real hope and help for them. Many whose eyes were failing say they have had the eyes restored by this remarkable prescription and many who once wore glasses say they have had the eyes restored by this remarkable prescription and many who once wore glasses say they have had the eyes restored by this remarkable prescription.

"I was almost blind. Could not see to read at all. Now I can read everything without my glasses and my eyes do not hurt any more. At night they feel fine all the time. It was like a miracle to me. A lady who used it says: 'The temporary seemed like a relief, but after using this prescription for 15 days everything seems clear. I can read even fine print without glasses.' Another who used it says: 'I was bothered with eye strain caused by overworked, tired eyes which induced fierce headaches. I have worn glasses for several years both for distance and work, and without them I could not read my own name on an envelope or the typewriting on the machine before me. I can do both now and have discarded my long distance glasses altogether. I can count the fluttering leaves on the trees across the street now, which for several years have looked like a dim green blur to me. I cannot express my joy at what it has done for me.'"

It is believed that thousands who wear glasses can now discard them in a reasonable time and multitude more will be able to strengthen their eyes so as to be spared the trouble

PLAN SENATE O. K.
OF LEAGUE NAMES

A new reservation to the peace treaty, the purpose of which is to give Congress supreme control over the selection and the duties of America's representative in the League of Nations is being considered by members of the Foreign Relations Committee.

The reservation would take the appointment of the President, providing that the appointee must be confirmed by the Senate before qualifying. It also, it is believed, would make it impossible for the President to appoint himself to the place, because the duties of the office would be so defined that the President would be unable to qualify for the position.

There is good reason to believe that the reservation will be adopted, Republican leaders say.

Virtually Would Ref President.

It is proposed by the reservation that no person shall be named to any of the boards, or commissions, provided by the treaty, nor to the League of Nations Council, or assembly, until Congress has enacted a law defining their duties and prescribing the powers under which they are to act. The reservation thus draws is of an interpretative character and would not come under the objection made by the President to the other reservations proposed by the Foreign Relations Committee, for the reason that it would affect American procedure only and would not be a matter of concern to any other nation in the league. This is one reason why it is believed the reservation may meet with the approval of a majority of the Senate.

Senator Lodge has the draft of the reservation and has conferred with other members of the committee about it. Nothing has been done, however, toward bringing it before the Senate, but it is understood that it will be offered in the Senate after the committee amendments and reservations have been disposed of.

At the treaty now stands, there is nothing said as to the manner in which the representatives of the various powers entitled to sit in the League of Nations are to be chosen. It has been generally rumored that President Wilson might choose to honor himself by naming himself as the American representative in the council.

Smith Has Similar Reservation.

Senator Hoke Smith of Georgia, one of the group of Democratic Senators who have refused to swallow the Administration program on the treaty, has completed the draft of reservations upon which he has been
